

FOCUS ON THE ENVIRONMENT

A PHOTOGRAPHY WORKSHOP FOR YOU

Learn to **communicate your passion** for the natural world through still photography. The Santa Lucia Chapter of the Sierra Club is offering a series of monthly workshops lead by local professional photographers.

Introduction to
"Painting With Light"
Photo-Painting
with Paul J. McCloskey
Saturday, May 16
9:00am - 11:00am

McCloskey is a Graphic Artist/Photographer, one might say a "digital alchemist". His photo-painting technique represents a convergence of today's digital photography and imaging technology with print-making techniques and the fine art of plein-air painting... "it's all about light". Learn the mystery and joy of bringing light to the images that capture your imagination.

Please visit the "Painting With Light" Gallery to view his Artist Statement and some of his artwork: http://web.mac.com/paul_mccloskey/

Workshops will take place at the **First American Title Company, Community Room, Pacific and Morro Streets in San Luis Obispo**. Size of the workshops are limited to 40 participants.

COST: \$40.00
